THE NEW PRESTON PEACH— *Peach Leaf Curl Resistant*

BONNELL'S *Select*

FRUIT - NUT TREES AND BERRIES

Bonnell **NURSERIES**

RENTON, WASHINGTON

1/2 Mile South of Renton on the East Kent Highway

CATALOG NUMBER 10

Prices of fruit trees, except where noted: 1-year \$1.50; 2-year, well branched, \$2.50. Except walnuts and filberts.

This section contains a description of the leading berries, fruit and nut trees, which have proven most prolific and adapted to our Puget Sound climate. All our trees are grown on whole seedling roots, thus securing a healthy sturdy tree from the time of grafting.

For best results plant from November 1 to April 15.

APPLES

SUMMER VARIETIES

YELLOW TRANSPARENT—Early summer cooking apple. Excellent for pies. Early and abundant producer. Ripens July-August.

RED JUNE—Fruit medium size, brilliant red, juicy. Ripens July-August.

FALL VARIETIES

GRAVENSTEIN—The best fall table apple. Golden yellow with red stripes. Strong grower. Ripens September-October.

RED GRAVENSTEIN—Same as above but fruit all red color. Ripens September-October.

JONATHAN—Bright red. Bears young. Excellent quality. Late fall to winter.

KING—Striped red and yellow. Large handsome, good cooking and table apple. Fine producer. Ripens October.

RED DELICIOUS—Bright red. High quality and good producer. Ripens October.

WINTER VARIETIES

GRIMES GOLDEN—Greenish yellow. Medium size, fine quality. Ripens October-November.

NORTHERN SPY—Greenish yellow, red striped. Fine large tree, heavy crops. Ripens October-November.

RED ROME BEAUTY—Good cooking apple, red in color. Ripens November.

STAYMEN WINESAP—Red apple, large hardy trees. Ripens November.

SPITZENBURG—Deep red, flesh yellow. High quality. Ripens October-November.

YELLOW DELICIOUS—Light yellow. Excellent flavor. Ripens November.

APRICOTS

MOORPARK—Fruit large, skin orange shaded to red. A standard variety. Excellent for canning, drying and fresh eating fruit.

TILTON—Large size and extra good quality, delicious flavor. Orange yellow. Flesh clear yellow. One of the best.

Fruit Trees

CHERRIES

SWEET CHERRIES

BING—Large dark red fruit, unequalled in size, quality and attractiveness. The fanciest of all sweet cherries. Ripens in midseason.

LAMBERT—Very large heart shaped, firm flesh, rich sweet flavor. Good canner. Originated in Oregon.

ROYAL ANN—Fruit pale yellow with red cheek. Delicious and refreshing cherry for dessert. Large size and perfect color. Has preference for canning.

BLACK REPUBLICAN—Certified pollinizer. Medium size. Very dark red, almost black. Ripens late.

SOUR CHERRIES

LATE DUKE—Fruit large light red. Good quality and flavor. Excellent for canning.

MONTMORENCY—Medium size. Light to dark red. One of the most popular of sour cherries. Trees are vigorous growers and fruits at an early age. Bearing sizes, \$3.50.

NECTARINES

BOSTON—Deep yellow fruit of rare quality.

PEACHES

All varieties peaches, 4 to 6 ft. \$2.50 each.

(Except Preston Peach)

ROCHESTER—Fruit medium size. Color yellow with beautiful over-coloring of red. Firm meat. Very good quality and flavor. Best home canning peach. Tree hardy, thrifty and good producer.

IMPROVED ROCHESTER—Same as above but larger and ripens September.

VETERAN—Large golden yellow. Freestone. Superior Elberta type.

RED HAVEN—Freestone. Yellow flesh and good producer. Excellent canner.

GOLDEN JUBILEE—Earliest peach and of good quality with yellow meat. Freestone.

PRESTON PEACH—The newest peach on the market. Peach leaf curl resistant. Developed in Western Washington for western climates to insure heavy crops. Bears early, freestone, golden yellow meat, very sweet. Excellent for canning. \$3.50.

PEARS

GORHAM—Fine new pear of Bartlett type. Ripens two weeks later than Bartlett but will keep months longer. Flesh white, tender, and juicy. Good canner.

ANJOU—Large yellow fruit, smooth skin, faint blush. Flesh yellowish white, pleasant flavor and good keeper.

BARTLETT—The most popular of all pears. Unsurpassed for canning, dessert and general purposes.

COMICE—Fruit very large. Color clear and handsome. Ripens October and November.

BOSC—Medium to large with long neck. Rich yellow overspread with rust. Juicy and rich flavor. Good keeper. Ripens October and November.

FLEMISH BEAUTY—Fruit medium to large. Clear yellow overspread with red cheek. Ripens September and October.

PLUMS

CLIMAX—Large heart-shaped cherry-red fruit. Ripens in mid-July. Bears at an early age.

BRADSHAW—Very large dark blue-red. Juicy and productive. August.

BURBANK—Medium yellow mottled with red. Very attractive and of fine quality. Ripens in August.

GREEN GAGE—Greenish yellow, very sweet and juicy. Small but of good quality. Ripens September and October.

PEACH PLUM—Large brownish red. Best early plum. Juicy with pleasant flavor. Ripens end of July.

YELLOW EGG—Large yellow, egg-shaped. Excellent for cooking. Tree strong and productive.

DUARTE—Large, wine red. Fine flavor. Good for preserving. Ripens in September.

PRUNES

DATE PRUNE—Medium size, very sweet. Splendid for canning. Dark purple in color.

ITALIAN—Dark purple. Excellent for eating fresh, canning and drying. Good producer.

Nut Trees

FILBERTS

BARCELONA—Large round nut, self husking. Large tree and an early bearer. Proper pollinizer necessary. 3 to 4 ft. \$1.50.

DU CHILLY—Large long nut of finest quality. Popular and good bearer in Western Washington. Good pollinizer. 3 to 4 ft. \$1.50.

WALNUTS

FRANQUETTE—Hardy and vigorous grower. Grafted on American Black Walnut. Large, soft shell. 4 to 6 ft. \$4.00.

Berries and Bush Fruits

BLUEBERRIES

Colorful shrub in your garden. Bright red foliage in the fall, loads of berries in summer. Ornamental and yet productive.

RANCOCOAS—Large berries, strong grower. Best commercial variety. 12 to 16 in. \$1.50.

RUBEL—Late variety, medium size. Good flavor, heavy bearer. 12 to 16 in. \$1.50.

BOYSENBERRIES

This sensational berry is destined to dominate the small fruit world. Large dark red, excellent canning and shipping berry. 2-year 25c; \$2.50 per dozen.

CURRENTS
